Hello dear tangueros and tangueras!

We're very happy to announce some **really exciting news** regarding the **B.A. Tango Immersion 2018** vacation package!

First of all, you'd all be glad to know that **we've extended the "Early Bird" discount until Sept. 1st** this year, so you have more chances to find out what's the best air fare deal to make it more convenient to fly down to Buenos Aires.

Second, and most important, we're happy to tell you all that, since you've been all former participants of the B.A Tango Immersion crews, we're decided to offer you the opportunity of **bringing a companion** this year, and **get a 30% discount for yourself**.

Plus, if you're willing to share a bedroom in the hotel, that means you're also saving some more money and getting just as much.

We also want to tell you **what's new and exciting about this year edition** of the tour:

- We're including **new stores** in our visit for tango clothes and shoes for an improved experience.
- For those of you who were not here last year, we're including a wonderful day visiting the country side to have an **argentine "asado" (barbecue) with live music and stunts**.
- We're including **a visit to the folk fair of Mataderos** where we can see beautiful popular dances from the country side, enjoy a meal at the neighborhood's traditional club, and taste beautiful argentine cuisine and specialties in the fair.
- We're opening a lot **more slots for** those of you who want to take **private classes with Gustavo, María or both**.
- We're allowing a lot **more free time during the day** for people to go explore by themselves and/or rest and relax in the hotel's spa facilities.
- We're including a **farewell breakfast at the hotel on Dec. 10** to share what we've learned, what we've enjoyed the most, and what we think we all need to work on to make our tango journey better for the future.

If you are thinking about joining us again this coming December, please feel free to e-mail us with any questions and inquiries you might have.

Also, feel free to navigate our new website ([www.batangimmersin.com](http://www.batangimmersin.com)) where you can find more details, watch pictures of our past experiences and register thorough PayPal.

It would be a great pleasure to have you visiting us again for yet another great vacation in the Tango Mecca.

Best regards to all of you!

**María olivera & Gustavo Benzecry Sabá**
